

REVOLUTIONARY NIACIN-TIME®

Niacin plays an important role in the normal metabolism of fats and fat-like substances such as CHOLESTEROL.

Each NIACIN•TIME® tablet provides a gradual release of 500 mg of niacin over a period of 5 to 7 hours.

The niacin trickles very slowly out of the wax matrix tablet, more smoothly than has ever before been achieved.

**PATENTED
PROCESS
for
No Flush!***

NIACIN IS AN ESSENTIAL B-VITAMIN (B-3).
Vegetarian. Preservative-free. Natural color.

**POTENCY AND QUALITY GUARANTEED
BY LABORATORY ANALYSIS**

* Niacin taken in a single 500 mg dose often causes flushing or itching. Carlson NIACIN-TIME is prepared by a patented process which minimizes these unpleasant side effects, often resulting in no flush.
